Testimonials

What Our Customers
Are Saying

Our Company has utilized Comp-X transportation services since 2006. Comp-X handles our Worker's Compensation transportation service referrals. We are very satisfied with response time and Comp-X's ability to accommodate our needs.

- BW - Dir. of Provider Relations

Comp-X is my "Go-To" carrier for patient transportation and travel. The staff is friendly and making arrangements is simple. Most importantly, I always get to speak directly with a representative. Best transportation company out there!

- AM - RN, CRRN, CCM

I have been utilizing Comp-X's transportation services for years to transport my claimants to medical appointments. I also rely on Comp-X when I need translation services for a non-English speaking claimant. Whenever I have a problem, Comp-X is there to solve it, even last-minute requests.

- DVH - Case Manager

As a Catastrophic Nurse Case Manager, I rely on Comp-X as my transportation company of choice because of their customer service. I was in a position where I needed transportation to the hospital for my 11-year-old niece who was diagnosed with a terminal grade IV tumor and Ashley Pepka, V.P. of Business Development, was quick to say "okay we can do this for you." Comp-X is a company you can trust with your family's care.

- KSH - RNC, BSN, CCM

Repatriation Re-Pat is a division of **Comp-X Medical Management Services**. Our Repatriation services are designed to return foreign workers to their home country after a catastrophic work-related injury. Often the injured worker requires ongoing medical care and case management once they return to their home country. **Re-Pat** can help the insurer avoid unscrupulous medical providers by assisting with transfers, government issues, and the coordination of medical care, supplies and equipment. **Re-Pat** will continue to follow the case and provide continuity of care for the patient.
